The following procedures govern hearings conducted pursuant to this Chapter:

A. Purpose of Rules. It is the purpose of these rules to ensure that all facts are fairly developed during the hearing and that the issues of law and legal argument are presented to the Hearing Officer in writing and in such a manner as to aid in the proper and speedy resolution of all complaints and alleged violations.

B. Counsel. The Hearing Officer and all parties involved in the complaint or alleged violation are permitted to have counsel (attorney or non-attorney) present during all stages of the administrative hearing proceedings. However, parties must be physically present during the actual proceedings. The responsibility for payment, if any, to counsel will be the sole responsibility of the party on whose behalf counsel will appear.

C. Submission of Documents. All documents pertaining to the complaint or alleged violation must be submitted to the Hearing Officer within five (5) business days after the request for hearing has been filed with the Hearing Officer.

D. Witnesses. Parties are responsible for securing the attendance at the hearing of any person they wish to serve as a witness. Parties must submit a witness list to the Hearing Officer within five (5) business days after the request for hearing. Failure to submit a witness list may result in the exclusion of the party’s witnesses.

E. Examination of Witnesses. Examination of parties and witnesses appearing before the Hearing Officer will be conducted informally; will be subject to the control of the Hearing Officer; and be done in such a manner to afford all parties a reasonable opportunity to ask questions and to develop all facts necessary for a well-informed decision by the Hearing Officer.

F. Legal issues. All legal arguments, if any, must be received by the Hearing Officer no less than five (5) business days prior to the scheduled hearing. No additional briefing is permitted except at the Hearing Officer’s request. To the extent that any additional legal arguments are raised during the hearing, the Hearing Officer may request that such arguments be submitted in writing and may set the time limit for such additional briefing. No legal arguments shall be heard during any hearing unless requested by the Hearing Officer. It is recognized that some issues may be combined factual and legal issues. The Hearing Officer shall have the discretion to determine whether the presentation being made by a party to a proceeding constitutes a legal argument or a factual presentation. The discretion exercised by the Hearing Officer shall be final and not subject to review or appeal.
G. **Order of Presentation.** Witnesses whose testimony supports the complaint or allegation of violation will be presented first. Witnesses whose testimony opposes the complaint or allegation of violation will follow. After the presentation of each witness, the Hearing Officer may question the witness. Additional questioning is limited to that deemed necessary by the Hearing Officer and will be conducted by the Hearing Officer.

H. **Conduct of Participants.** Participants, attorneys, and other attendees appearing before a Hearing Officer pursuant to these rules shall conduct themselves with proper decorum and will respect others appearing before the Hearing Officer. If a participant or attendee fails to observe proper decorum or fails to show respect for others, the Hearing Officer may exclude the offending person from further participation and attendance. If the complainant or alleged violator is excluded because of misconduct, the hearing will proceed to a final resolution despite the person’s absence. Exclusion of a party, or counsel for a party, for reasons of misconduct is not grounds for re-hearing.

I. **Open Hearings.** Hearings are open to the public. The Hearing Officer is responsible for maintaining order and directing the manner in which the proceedings are conducted. The Hearing Officer may, at the request of a participant or at his or her own discretion, issue appropriate orders to protect any matter deemed to be inappropriate for public disclosure, including closing the hearing to the public if necessary.

J. **Record of Proceedings.** The Hearing Officer shall keep a record of all hearings. The manner of compiling and preserving the record is within the Hearing Officer’s discretion. No recording such as audio recording or court reporting transcription is allowed unless it is specifically requested by the Hearing Officer.

K. **Delays or Continuances.** Request for delays or continuances must be made prior to the hearing and will be granted only in extreme circumstances when, in the interest of fairness, the Hearing Officer decides it is appropriate.

L. **Additional Materials.** After receiving all testimony and evidence, the Hearing Officer will inform all participants of time limits to submit additional material, if requested.

M. **Findings and Conclusions.** The Hearing Officer will issue a final decision within ten (10) business days after the hearing, or, if additional material is requested, within ten (10) business days after the receipt of the additional material. The final decision will include written findings, conclusions, and sanctions, if any. The Hearing Officer will send a copy of the final decision to each party by certified mail, or return receipt requested.

N. **Distribution of Rules.** These rules must also be available to any interested person upon request at the Department of Labor.

O. **Decision Not Appealable.** The Hearing Officer’s decision is final and may not be appealed to any court.

(2) Contracting Violation. For a first violation of the contracting provisions of this Chapter, a penalty of up to ten percent (10%) of the dollar amount of the contract may be imposed. For a subsequent violation, a penalty of up to twenty percent (20%) of the dollar amount of the contract may be imposed. Failure to pay a penalty by the date required will subject the offender to an additional penalty of Three Hundred Dollars ($300.00) for each day the offender fails to comply.

(6) Employment of Illegal aliens. The employment of an illegal alien by an oil and gas permit holder will be subject to a penalty of Ten Thousand Dollars ($10,000.00) for each illegal alien.

(7) Imposition of Penalties. When penalties are imposed against an oil and gas permit holder, they may also be imposed, at the discretion of the Hearing Officer, against the title holder of the lease, the holder of the operating rights, and/or the contract operator.

B. Sanctions. After conducting a hearing and making a determination that a violation of this Chapter has occurred, the Hearing Officer may in addition to the penalties, impose any and all of the following sanctions, in addition to penalties assessed:

(1) Suspension or Termination of Business Activity. Suspension or termination of a violator’s authorization to engage in business activity on the Reservation. If no bond or order of attachment is sought pursuant to this Chapter, the violator will be given a reasonable time to remove their equipment and other property from the Reservation.

(2) Compliance with Provisions. Require the violator, within a time limit set by the Hearing Officer, to make changes in its performance, procedures, or policies so as to come into compliance with provisions of this Chapter. Such changes may include, but are not limited to, submitting reports more frequently to the Department of Labor and limiting the duration for work permits.

(3) Exclusion from the Reservation. In accordance with all applicable laws of the Jicarilla Apache Nation, remove or exclude the violator indefinitely in accordance with the Jicarilla Apache Nation Code, Title 2, Chapter 10.

(4) Imposition of Sanctions. When sanctions are imposed against an oil and gas permit holder, they may also be imposed, at the discretion of the Hearing Officer, upon the title holder of the lease, the holder of operating rights, and/or the contract operator.

(5) Factors to Consider When Imposing Sanctions. When imposing sanctions pursuant to this Chapter, the Department of Labor shall consider such factors as whether the violation was intentional; whether the violator acted swiftly to resolve the violation; and whether the violator had previously been cited for other violations.
C. **Civil remedy.** An individual or Indian-owned business may pursue a civil cause of action in the Jicarilla Apache Nation Court for violations of this ordinance where an individual or Indian-owned business suffered damages.

§ 21 **SOVEREIGN IMMUNITY.**
Any challenge to the manner in which this Chapter is implemented or enforced may be brought only to the Nation’s Court and only as provided by this Chapter. Nothing in this Chapter should be construed as a waiver of the Jicarilla Apache Nation’s sovereign immunity.

§ 22 **SEVERABILITY.**
If any provision of this Chapter is held invalid, the reminder of this Chapter will not be affected.

§ 23 **EFFECTIVE DATE**
This amended Chapter is effective from the date it is approved by the Secretary of the Interior.

§ 24 **EFFECT OF OTHER LAWS.**
This amended Chapter, as of the date of its enactment, supersedes any provision in any ordinance, resolution, rule, or regulation of the Nation that prescribes the manner in which Indian preference will be applied in contracting or employment within the Nation, except that the Jicarilla Apache Nation Personnel Code is not affected in any way. This Chapter does not eliminate penalties provided in any other ordinance, resolution, rule, or regulation of the Nation for failure to provide Indian preference in employment and contracting with the Nation.

§ 25 **EFFECT OF TITLE 18.**
This amended Chapter, as of the date of its enactment, prescribes the manner in which Indian preference will be applied in contracting employment within the Nation and directly applies to Title 18, Chapter 1, Section 6 (C), JANC § 18-1-6.
